After conservation-restoration

IMPORTANT: All the new pieces presented during our open days are NOT on our website yet!
Antique items will be added to our online shop after the open days. Contemporary items will only be added next year.

Bargain sales in our antique section to make space for the new contemporary section!

From December 2018, we will start selling contemporary handicraft items in our 50m2 shop's first floor, and thus all antique items on the first floor are now downstairs in our 150m2 antique section. To make some space, we decided in October to reduce the price of over 300 antique items both on our website and in our shop.
